**Application for Examination as to Compliance of Onagawa Nuclear Power Station Unit 2 with New Regulatory Standards**

On December 26, in advance of the application for New Regulation Compliance Review, we have presented a proposal to Miyagi Prefecture, Onagawa-cho and Ishinomaki City to hold preliminary discussions on the basis of the “Agreement on Ensuring Safety around the Onagawa Nuclear Power Station (the Safety Agreement).”

Today, pursuant to “the Act on the Regulation of Nuclear Source Material, Nuclear Fuel Material and Reactors”, we submitted to the Nuclear Regulation Authority (NRA) the application for permission for changes in reactor installation, approval for construction plans and approval for changes in the technical specification for nuclear reactor facility, to receive the regulatory standard compliance examination of the Onagawa Nuclear Power Station Unit 2.
